

**CONGRESSIONAL BUDGET OFFICE
COST ESTIMATE**

June 1, 1999

H. Con. Res. 91
**Authorizing the use of the Capitol grounds for a clinic to be conducted
by the United States Luge Association**

*As ordered reported by the House Committee on Transportation and Infrastructure
on May 27, 1999*

H. Con. Res. 91 would authorize the United States Luge Association to use the Capitol grounds to sponsor a clinic on August 14, 1999, or on such other date as jointly approved by the Speaker of the House of Representatives and the Senate Committee on Rules and Administration. CBO estimates that passage of H. Con. Res. 91 would result in no significant cost to the federal government.

H. Con. Res. 91 would require the sponsors to enter into an agreement with the Architect of the Capitol and the Capitol Police Board to comply with the resolution's provisions or face financial penalties. CBO estimates that the amount of any additional penalties under this provision would be negligible.

The CBO staff contact for this estimate is John R. Righter. The estimate was approved by Robert A. Sunshine, Deputy Assistant Director for Budget Analysis.
